

Product Profile

HYDRANGEA

Hydrangea arborescens

Liquid extract of dried root.

Actions: Soothing, diuretic and tonic to membranes of genito-urinary systems; sedative to pain in kidneys, urethra and bladder; does not dissolve urinary stones but can prevent their formation and relieve irritation of formed stones. Soothing to membranes of respiratory passages.

Uses: Genito-urinary pain, irritation and congestion: acute inflammation of kidneys, bladder, urethra and prostate; frequent urination with quick, sharp, cutting pains and burning in bladder in urinary tract; difficult and painful urination; urinary tract pain after labor; tendency to form urinary stone; inflammation of prostate. Inflammation and irritation of respiratory passages.

Dose: Take 30 to 50 drops, 2 to 4 times per day. Best taken in hot water.

Cautions: None known.
